Mr. James M. Frey  
Assistant Director for  
Legislative Reference  
Office of Management and Budget  
Washington, D.C. 20503

Dear Mr. Frey:

This is in response to your request for views on enrolled bill S. 2450, a bill which, in addition to extending the assistance programs for community mental health centers (Title I) and for biomedical research (Title II), would establish in Title III a "President's Commission for the Study of Ethical Problems in Medicine and Biomedical and Behavioral Research." Since Titles I and II of the legislation address issues not germane to the mission of this Agency, we defer to the views of those agencies directly affected. We would, however, like to comment on Title III of the enrolled bill.

Title III would establish a Presidential Commission to guarantee that the rights of human subjects of biomedical and behavioral research are protected. Current CIA guidelines require that human subject research be conducted in strict accordance with Department of Health, Education and Welfare regulations and applicable statutes and that each entity conducting research hold an approved assurance from HEW. Thus, existing Agency policy is in accord with the aims and intent of the legislation. I am confident that the informational needs of the Commission can be satisfied consistent with my responsibility to protect intelligence sources and methods. I also note that positive recognition is accorded the need to protect classified information from disclosure, both in the statute and its legislative history.

After review of Title III of the enrolled bill, we find nothing therein which would warrant a negative recommendation to the President; I am, therefore, pleased to have the opportunity to endorse positive Presidential action on the bill. We appreciate the opportunity to conduct a final review of the legislation.

Yours sincerely,

/s/ Stansfield Turner

Mr. Speaker, I urge that the conference report be rejected. All the programs contained in it except the one I described are covered in the continuing resolution, and they would not be touched. Then this matter could be considered in January. Mr. CARTER. Mr. Speaker, I would like to say that we have approximately 1 million pregnancies each year from teenagers. I think that it is both humane and humanitarian, as well as compassionate, for us to take care of them. Furthermore, I feel that since they have a fear of telling their parents of their misdeeds, we should give them birth control and counseling as they need.

Mr. Speaker, I move the previous question on the conference report. The previous question was ordered. The SPEAKER. The question is on the conference report. The question was taken; and the Speaker announced that the ayes appeared to have it.

Mr. BAUMAN. Mr. Speaker, on that demand the yeas and nays. The yeas and nays were refused.

Mr. BAUMAN. Mr. Speaker, I demand a division.

On a division (demanded by Mr. BAUMAN) there were—yeas 110, nays 27. So the conference report was agreed to.

A motion to reconsider was laid on the table.

GENERAL LEAVE

Mr. ROGERS. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on the conference report just agreed to.

The SPEAKER. Is there objection to the request of the gentleman from Florida?

There was no objection.

COMMUNITY MENTAL HEALTH CENTERS EXTENSION ACT OF 1978
